Several typographical errors have been found. On page 3, in Eq. (13),  $\tilde{N}(0)$  should read  $N(0)$ . On page 8, right column, line 5 from the top, “The order parameter of  $d_{x^2-y^2}$ -wave pairing” and “while that of  $d_{xy}$ -wave pairing” should be replaced by “The order parameter of  $d_{xy}$ -wave pairing” and “while that of  $d_{x^2-y^2}$ -wave pairing,” respectively. On page 10, Ref. 8 should be “H. Shimahara, J. Phys. Soc. Jpn. **73**, 2635 (2004).”

The corrections do not affect our results or conclusions.
