

Kellina M Craig-Henderson, Ph. D.,

Deputy Assistant Director, U.S. National Science Foundation, Social, Behavioral and Economic Sciences

Former Director for NSF's Tokyo Regional Office

Dr. Craig-Henderson speaks about the science and technology policy and funding scheme for young researcher development in the U.S.

Dr Kellina M. Craig-Henderson is a former professor of psychology who currently serves as the Deputy Assistant Director for the Social, Behavioral and Economic Sciences Directorate of the National Science Foundation (NSF). She previously served as the Deputy Division Director of the Social and Economic Sciences Division of SBE before transitioning into the role of Director for NSF's Tokyo Regional Office. Prior to undertaking full-time Federal service at NSF, she was promoted to the rank of Full Professor in the Department of Psychology at Howard University. She has published reports detailing her own empirical research in peer-reviewed journals as well as two books on interracial relationships. Her research program includes studies of groups, cross-cultural, gender and race issues, as well as aggression, and expatriation processes. Her work has been supported by public and private sources and she has presented findings from her research at regional, national and international research meetings.
