## HUSA Interns' Project Presentation in the "Glocal Internship" International Seminar –Cooperation of University and Local Community for the Development of Multicultural Society -

On December 24, 2021, HUSA (Hiroshima University Study Abroad Program) Intern students, taking the "Glocal Internship" conducted a project presentation in the online International Seminar. Students from Thailand and China presented their proposal for online international exchange with local community.

Mr. Shin Taehun from Korea, HUSA intern OB (HUSA Program 2013-2014), a city assembly member, and Kurahashi Community Center also joined the seminar, and interns gained new knowledge on local administration, disaster prevention, and how internship experience influenced career decisions. With Dr. Tsunematsu presiding over the seminar, we had insightful feedback from participants on interns' proposal. This year, interns will undertake online international exchange project with local junior high school. This international experiential learning project will strengthen the tie between international students and local community.
