

Project Commissioned by Ministry of Education, Culture, Sports, Science and Technology

For elementary, junior high or high school students with various needs including developmental disorders

Students who cannot communicate in Japanese may also apply.

We provide

UD-Book Textbooks

UD-Book Textbooks are audio materials Hiroshima University creates/provides as the project commissioned by MEXT.

3-min
introductory
movie of
UD-Book!

Medical diagnosis is not mandatory at the time of application to use UD-Book. UD-Book Textbooks can be used on iPads, Windows, Chromebook and Mac devices. That covers 99.5% of devices distributed under GIGA School Initiative.

How to apply for UD-Book Textbooks

When schools apply:

- Register your school on UD-Book website and obtain School ID and Password.
- When you already have your School ID and Password, just register your student's User ID and apply for UD-Book Textbooks.

When parents/guardians apply:

- Parents/guardians can register your child and obtain User ID and Password.
- When you already have your User ID and Password, just apply for your child's UD-Book Textbooks. When you do so, please have textbooks at hand.

When Board of Education supports schools' applications:

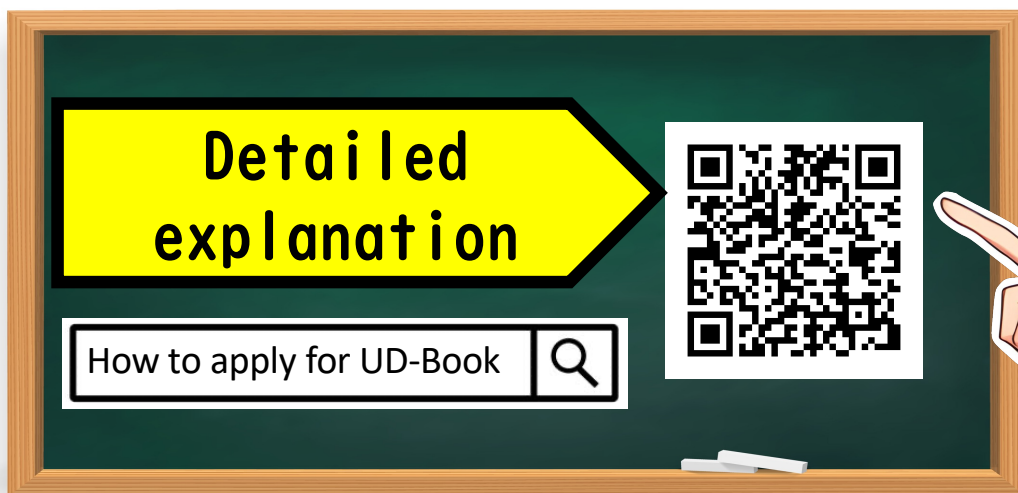

- Board of Education can register all schools under its jurisdiction at once.
- This will decrease the workload of respective schools than for them to register their schools on their own. It allows schools to start their part from registering students. It also helps complying with the Work Style Reform Initiatives.

When teachers apply to use in instruction or introduction:

- Teachers at schools or teacher consultants or the like at Boards of Education can obtain Teacher ID and Password.
- When you already have your ID and Password, you can apply for necessary textbooks.

When students who cannot communicate in Japanese:

- Application can be made either by school or parents/guardians.
- You can apply after you obtain your User ID and Password.
- You can apply for UD-Book Textbooks that have already been made.
